BUILD THE FASTEST-GROWING CHURCH YOU'VE NEVER SEEN!

Across the Muslim world, men, women, and children are encountering Jesus in secret – through dreams, digital media, and courageous witness. Right now, we have the greatest opportunity to reach the Muslim world in 1,400 years. But this opportunity won't be open for long.

THE TOP NEEDS OF SECRET BELIEVERS

When a believer in the Middle East, Africa, or South Asia leaves Islam to follow Christ, they risk everything – family, safety, community, and even their lives. Here's how we can come alongside new believers with three essential forms of support:

Safety

Many Muslim-background believers need help securing shelter, emergency assistance, and safe passage when fleeing persecution, displacement, and rejection.

Community

When family and friends turn away, your brothers and sisters crave connection through underground networks where they can worship, grow, and stand strong together.

Discipleship

New and established believers grow stronger in their faith when they have access to Scripture, teaching, and mentorship from leaders who understand their unique challenges.

PRAY FOR
SECRET
BELIEVERS

Pray for provision of safe houses, Scripture, training, and resources – that no believer would face persecution alone.

Pray for protection from rejection, imprisonment, and violence – that God would be their shield in the hardest places.

Pray for boldness for secret believers sharing the Gospel despite the cost – that the underground church would continue to grow and multiply.
